 CATHOLICS AND PRESBYTERIANS BUILDING TOGETHER

“Love, not in word or speech, but in truth and action.”—John 3:16-18

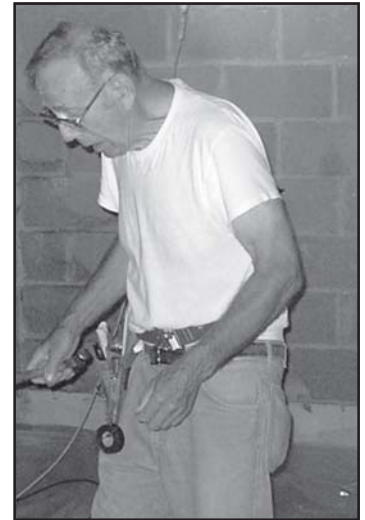

Farewell to an Old Friend

Dave Krichbaum was certainly a man of action. For many years Dave volunteered with CtBS. We were saddened to hear of Dave’s passing in July. He was one of our faithful and valued volunteers. He and Harry Leahy, his helper, did the electrical wiring for the Habitat houses that we have built.

Since Harry worked so closely with Dave, he got to know him pretty well. So I asked Harry to tell me something about Dave. This is what Harry had to say:

“In my working life I have worked under many people. But there were only two who I place far above all others. The first one, a true Mennonite, was Kenneth Minnick at Dille Lab, my first paying job in bacteriology and the second with CtBS’s Dave, doing the house wiring. I found both had very similar characteristics: personal equanimity—rarely disturbed no matter how things are going, patience—beyond any

The Wesley Family Gets Their New Home

On Saturday, September 15, 2007, the dedication of the house for the Wesley Family was held at 1977 Tennyson Avenue. It was a beautiful morning with the sun shining over the crowd. Everyone came to celebrate the completion of Carla and her family’s new home. No one was happier than Carla and her family to see their new home. In fact, the children had already picked their rooms. Carla was also visualizing what she would put in

each room. You could not help but see the joy in their eyes.

We thank God for the successful completion of another house build and for the many volunteers that made it possible. This is the ninth house built by the coalition of Catch the Building Spirit/Catholic, area Presbyterian Churches and Dayton Habitat for Humanity. It took 3,987 hours and 233 volunteers to build the house. We are especially grateful to our volunteers that came to work

regularly despite the extremely hot weather. We certainly cannot forget the donations from our churches, organizations, businesses, and individuals that provided the funds and services needed to build the house. It took all of us working together to provide a home for another deserving family. I hope that you will all join us again next year. With God’s help, we will build our tenth house!

Wesley Family

(continued from page 1)

Finally, Carla decided to write down what she was going to say at the dedication because she was afraid she would forget what she wanted to say. She started reading what she wrote but broke down in tears before she could finish. Her mother finished it for her. This is what she had to say in her own words:

“My name is Carla Wesley and I would like to start out by thanking the Dayton Ohio Habitat for Humanity for making me and my children a Partner Family. I would also like to thank Catch the Building

Spirit/Catholic and the Presbyterian Coalition of 2007. I would also like to thank all the sponsors, volunteers, people who donated supplies and building materials, expert builders, roofers, plumbers, carpenters, landscapers, painters, the list goes on and on and the generosity of the people who provided lunch and Secret Smiles. It has truly been a wonderful experience and a blessing. From the beginning of the selection process to acceptance into the program, to present day, I have felt the devotion and support of each and everyone involved. And last, but not least, I would like to thank friends and family who gave me guidance and support throughout the entire process. No amount of words can express how I feel at this moment and how much I appreciate all the long hours and hard work you all have put into building a beautiful, wonderful

home for me and my family. I felt not only a sense of joy, but I was proud to stand beside each and everyone of you and lift the hammer to participate in building a dream that has become a reality. Yes, today a dream that I have dreamt has become a reality and that is of home ownership. So on behalf of me and my children, Sierra, Christopher, Michael, Darnell and Darnesha, we would like to say *Thank You* for making our dream come true.”

Thank You, Chris!

Chris Ellis from Memorial Presbyterian has been the Meals Coordinator for CtBS for the last nine years. After nine years, Chris is hanging up her hat. Since 1998, Chris made sure that our volunteers had breakfast and lunch provided for them during “Blitz Week.” She solicited the meals from both Catholic and Presbyterian churches. Not only that, she was there bright and early before the volunteers arrived to set things up and make the coffee. She also

lined up the volunteers to help serve the meals. It was no easy task to

make sure that besides the meals, other essentials, such as sunscreen, hand sanitizer, cold drinks etc., were available for the volunteers. In addition, she helped in getting the devotion leaders for “Blitz Week.” Although Chris is giving up the role of Meals Coordinator, she will remain as one of our volunteers.

Chris now wants to give more time to her church. We wish her well and thank her for being a faithful volunteer for so many years. She will be missed!

Thank You and Congratulations to Our Supporters

Are You Looking for a Tax Deduction?

Christmas has passed and the New Year is upon us. If you are looking for a tax deduction for 2008, please remember Catch the Building Spirit. You can start early by donating to this year's house build and know that you will make it possible for another family, who might never get the opportunity, to own their own home.

If you would like to donate in memory or honor of someone, please know that we will send them an acknowledgement of your contribution.

If you wish to donate to this year's house build, Catholics, please make your checks out to "Catch the Building Spirit" (CtBS) and send them to CtBS, Catholic Social Action Office, 266 Bainbridge St., Dayton, OH 45402; Presbyterians, make your checks out to "Dayton Ohio Habitat for Humanity" (COHH), Attn: Presbyterian House Build 2008. Send them to DOHH, P.O. Box 494, Dayton, OH 45409.

realistic expectation, excellent teacher—converting my theoretical knowledge to useful tasks, and with all this a great personal friend. They expected the best and were able to draw it from me. Working with Dave was never a drudge but almost fun no matter how hard, whether squirming around in the crawl space, hanging from a ladder or just installing a four-way switch. I will remember and appreciate Dave for the rest of my life."

We all at CtBS appreciated Dave for his faithfulness and commitment. We will remember Dave for the fine person that he was.
